FOREWORD

Four years ago the Class of 1965 entered the new East Surry High School as its first freshman class. Some of the class have been left behind; faculty members have come and gone. Yet our graduates realize that East Surry has remained constant, rewarding effort and helping to fulfill the promise of eager young minds awakening.

Our seniors recognize the look of bewilderment in the eyes of today's freshmen, and they remember the wonder of a new discovery as sophmores. More recent memories help the Class of '65 to sympathize with the industrious juniors whose hard work is just beginning. Approaching graduation and looking to the future, the first four-year classmen of East Surry find the road ahead more inviting, for the way is being lighted by the glow of fond memories.
